

Join Us!

Interior Design Collaborative – Oregon

Join IDC-Oregon for a LEED CEU course and tour of the Green Building Services' LEED 2009 CI Platinum office (certification pending).

This program outlines how project teams can integrate green building into space selection, design, construction and operation decision-making processes using the LEED-CI rating system as framework. Participants will gain an understanding of LEED 2009 changes, the LEED-CI rating system, and strategies to implement at critical decision-making points that maximize green building and LEED performance.
